To whom it may concern

CERTIFICATE

The result of the molecular test for **Hereditary Retinal Dystrophy, HRD (Congenital Stationary Night Blindness, CSNB)**, caused by the mutation of the *RPE65* gene, described by Aguirre G. D. et al. (1998), Mol. Vis., 4, 23.

Blood sample from the briard dog: **Bel Amour El' Bridorado, chip no. 616093900013341**, was provided by Łukasz Żurawski who lives in 72-005 Warzymice ul. Słoneczna 4, Poland.

At the locus of interest a **normal genotype +/+ was found**, it means that 4 bp microdeletion in the *RPE65* gene was not found.

Investigation was performed by:

Dr Monika Dragan
